Re: Water Availability
Crebilly Farm
Westtown Township, Chester County, Pennsylvania

Dear Mr. Downs:

This letter will serve as confirmation that the above referenced project is situated within Aqua Pennsylvania, Inc.'s service territory. Service would be provided in accordance with Aqua Pennsylvania Inc.'s Rules and Regulations.

Service to this project will require a main extension. Main extension projects are completed under a Builder's Extension Agreement. Under this agreement, the Builder is responsible for installing the main extension, including fire hydrants and service connections, with a pre-qualified contractor that he or she hires. In addition, the Builder is required to have his or her engineer prepare main extension plans in accordance with Aqua Pennsylvania, Inc. plan specifications and submit these plans to Aqua Pennsylvania, Inc. for review and approval. To proceed with this project please forward a full set of land development and updated main extension plans to my attention.

Once all of the requirements have been met and the main extension plans have been approved the builder will be able to enter into a Builder's Extension Agreement which will require an escrow for the cost of the main extension. Please refer to the New Business Package CD, which I believe your firm has, for the specific requirements.
