**Subject:** RE: DRAFT Crebilly Scoping Minutes for Review

Please add this to the first comment: "so long as the PennDOT project is constructed commensurate with or prior to this development's traffic impacts coming on line." Also, the comment on the second page where Drew Asks about moving the 926 access to be opposite Bridlewood please add "Fran added, the Department strongly favors this alignment and has serious concerns about the current proposed locations viability for signalization."

Otherwise the minutes are fine. Thank you for letting me edit. Have a nice weekend Nicole!

Mr Francis J. Hanney  
Traffic Services Manager  
Engineering District 6-0

Fran, I just wanted to follow up as a courtesy before I send these minutes out as final. I did not receive any comments back from any of the meeting attendees, but since it was around the holidays I wanted to give you a heads up before I issue them as final. I particularly wanted to make sure we captured your discussion items accurately. Based on all of our team's recollections, these minutes are reflective of the discussions.

Thanks Fran, have a great weekend!

**Subject:** DRAFT Crebilly Scoping Minutes for Review

Attached are the draft Crebilly scoping minutes for review. Please let me know if you have any comments or questions. I will wait to send out a final version of the meetings in early January, to allow for comments beyond the holidays.

A-37

Thanks, and Happy Holidays!
